

The Convenience of an Outdoor Connection – Pineland’s Whole-Home Wi-Fi Solution

In today’s hyperconnected world, extending your Wi-Fi signal outdoors brings both convenience and versatility to your home. Pineland’s new outdoor mesh unit, which compliments our Managed Wi-Fi service, does just that. Here’s some ways how having reliable Wi-Fi in your outdoor space can enhance your home environment.

Work From Anywhere, Even Your Backyard

The rise of remote work has made flexibility a priority. With a strong outdoor Wi-Fi connection, your patio, garden, or deck can become an open-air office.

Enhanced Safety and Security

Outdoor Wi-Fi enables real-time monitoring of your property when paired with smart security cameras and motion sensors. You can receive instant alerts, check live video feeds, and communicate with visitors via video doorbells while you’re relaxing outside or away from home.

Entertainment Without Limits

Wi-Fi in your outdoor space lets you bring the fun outside. Stream your favorite music, watch the game, or host backyard movie nights. Families can use tablets to access interactive games or educational content during outdoor gatherings.

Smarter Outdoor Living

A connected outdoor space means you can integrate smart home technology into your backyard. Control your lights, sprinklers, or security cameras via your smartphone, while lounging outside. Use smart speakers to play music, check the weather, or answer questions hands-free while enjoying your outdoor space.

Better Hosting and Gatherings

Outdoor Wi-Fi makes hosting guests a breeze. Whether you’re having a BBQ, a birthday party, or a bonfire, guests can post photos in real time, access playlists, and stay connected while enjoying your space.

A Space for Relaxation and Connection

Having outdoor Wi-Fi lets you stay connected to the world while unwinding. Read an e-book on your tablet, browse recipes, or FaceTime with loved ones—all from

the comfort of your backyard or porch. Outdoor Wi-Fi is more than just an upgrade - it’s an investment in convenience, productivity, and enjoyment. If you’re interested in learning more or would like our technicians to evaluate your outdoor space to see if our outdoor mesh is the right solution for your home, contact us at [800.247.1266](tel:800.247.1266).

Southeast Fire & Burglar After Hours

If you are experiencing an issue with your SEFB system that requires immediate assistance, our after hours support team is available by calling [888.963.FIRE](tel:888.963.FIRE).

If immediate assistance is not required, you can submit a trouble ticket through your online account at www.pineland.net, and our team will respond the following business day.

For assistance with creating an online account, contact our Customer Experience Associates at [800.247.1266](tel:800.247.1266) during our regular operating hours.

Operator Assistance & 411 To Be Discontinued April 30th

PinelandTelCo will be discontinuing operator and directory assistance as of April 30, 2025. Customers will no longer be able to dial "411" on any Pineland telephone line to request phone numbers, or dial "0" for an operator to assist in placing a call.

Phone numbers provided by Pineland can be found in our online directory at www.pineland.net by clicking "Support" at the top right of the page, scrolling down to "Quick Links", and clicking "Directory". Internet search engines such as Google, Edge, and Yahoo can be used to search for phone numbers, and phone directory search engines such as 411.com and therealyellowpages.com can also be used.

All Pineland telephone service subscribers have been mailed a notification of this change. If further assistance is needed, please contact our business office during regular business hours by calling [800.247.1266](tel:800.247.1266), Monday-Friday, 8:00 am - 5:00 pm.

Deadline Nearing for FRS Youth Tour

Be sure your application for this year's FRS Youth Tour is completed and submitted by March 17th! The application form is available online at www.pineland.net under "News" and "Apply Now for the 2025 FRS Youth Tour".

This year's tour will be held from June 2-6, and is available for students in the Pineland service area who are 15, 16, or 17 years of age at the time of the trip.

For more information, contact us at [800.247.1266](tel:800.247.1266) or info@pinelandtelco.com.

**YOUR NETWORK IS A
VIP EVENT, NOT AN
OPEN INVITE.**

Keep your network secure with a strong password & the help of Pineland's Managed Wi-Fi service.
